ATDS AUTOMATIC DISPLAY SYSTEM

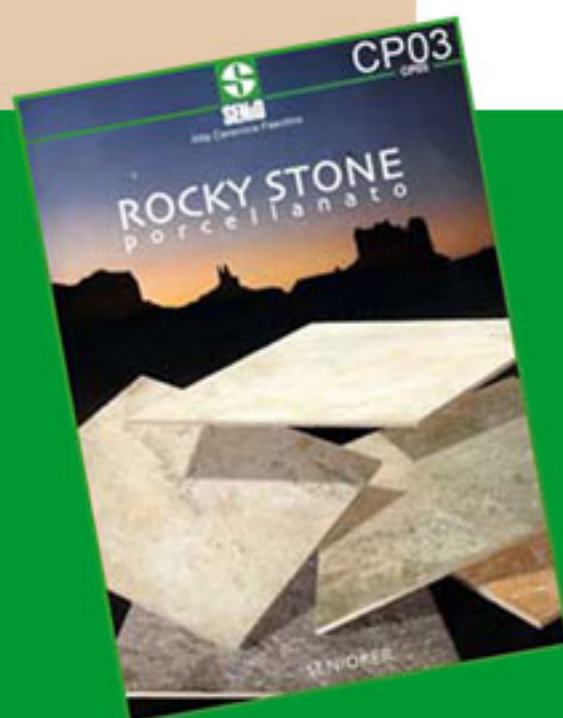

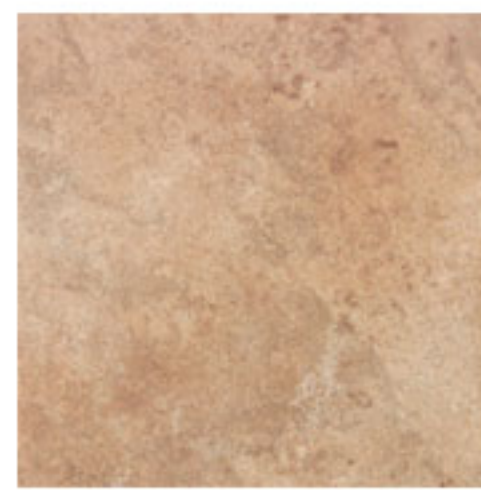

Throw away your crayons and papers.
Now you can use the ultimate
project developer in the entire Industry.

ATDS is a software package for graphic design and three-dimensional display in polychromy of rooms for the ceramics and plumbing fields.

It allows to provide the customer in real time with:

- a display with the designed room;
- proposals for solutions;
- interior decoration in two and three dimensional form;
- a graphic printout of the project;
- the financial estimate.

Rocky Stone

recalls the colors of nature, warm tonalities burnt by the sun and worn by the wind.

The qualities of the clays and the high technology of production make of this gres porcellanato a product of prestige for the beauty and resistance.

Rocky Stone Series
