LA NATURALE SENSAZIONE DEL MARMO

Con Gemme Veneziane, Senio propone una elegante e resistente collezione in gres fine porcellanato per pavimentare e rivestire gli ambienti sia residenziali che commerciali. I 5 colori si ispirano all'onice, una pietra preziosa lucida presente in natura con diverse tonalità. Senio ha lavorato sui toni del bianco, dello champagne, del rosa antico e del grigio/verde.

The natural sensation of marble. Gemme Veneziane is a presentation by Senio of an elegant and durable collection of fine glazed porcelain tiles for floors and walls of both residential and commercial environments. The 5 colours are inspired by onyx, a precious shiny quarried stone found in different shades. Senio developed the tones of white, champagne, antique rose and verdant grey.
