## Tuscania

From the characteristic Egyptian turquoise of 5000 years ago to the wonderful tonalities of the famous works of Chagall, from the deep red of the ancient greek vases to the strong yellow of the sunflowers of Van Gogh, colours have kept their beauty and their value with the passing of time.

## Tuscania

The colours of nature, the colours of the water, of the meadows, of the corals, of the rocks...the colours of the past, of the present and of the future. Deep colours, strong and transparent, that applied on the hand made biscuit stress the look of antique made to last forever.

**Tuscania** are ceramic products highly recommended for refurbishing houses of old times, country houses and for restoring historical buildings where it is necessary to preserve the antique flavour and atmosphere.
