tusCania
la natura
del colore

Dal caratteristico turchese egiziano di 5000 anni fa alle stupende tonalità di Chagall, dall'intenso colore rosso degli antichi vasi greci al giallo violento dei girasoli di Van Gogh, il colore ha mantenuto nel tempo la sua bellezza e il suo valore.

From the characteristic Egyptian turquoise of 5000 years ago to the wonderful tonalities of the famous works of Chagall, from the deep red of the ancient Greek vases to the strong yellows of the sunflowers of Van Gogh, colours have kept their beauty and their value with the passing of time.

I colori. *The colours.*

I colori della natura, i colori dell'acqua, dei prati, dei coralli, delle rocce... I colori di sempre. Colori intensi, profondi e trasparenti che uniti al supporto artigianale accentuano quel sapore di antico destinato a durare nel tempo.

The colours of nature, the colours of water, of the meadows, of the coral, of the rocks.... The eternal colours. Deep and transparent colours applied on the hand made bisc that stress the antique look and flavour that last in the passing of time.

Provenza

Provenza, prodotto su supporto artigianale, è stato progettato per realizzare fasce decorative o pareti intere.

La sua modularità permette, inoltre, di essere utilizzato come inserto a campo pieno nei formati 10x10, 15x15, 20x20. Infatti il modulo ripropone l'allineamento con la fuga ogni 60 cm (4 pezzi) verticalmente e ogni 10, 15, 20 cm orizzontalmente.

***Provenza** is a product made on the hand made biscuit.*

It has been planned to realize decorative bands or whole walls. Furthermore it can be used as a full square insert with the 10x10, 15x15 and 20x20 cm.

In fact the modul allows the alignment with the joints every 60 cm. (4 pieces) vertically, and every 10, 15, 20 cm. horizontally.
